**OWG 12-6 University Website Approved Recommendations**

1. Recommends revising key top-level pages and strategically redesigning the home page on the current Georgia Southern website by January 2018 in order to provide comprehensive information about the consolidated university.

2. Recommends all existing essential content from Armstrong State University and Georgia Southern University be incorporated into the revised Georgia Southern site by July 2018, with any content that needs to be preserved to be migrated by end of 2018. Student-facing websites need to be updated by January 2018.

3. Recommends review of all existing microsite and vanity URLs to make sure they are integrated, redirected or discontinued by December 2018.

4. Recommends using and enhancing the current Armstrong State University archive site to archive Armstrong material that will not be migrated to the consolidated Georgia Southern University website.
